Farmers Market: Final market will be Oct 25th and the Black Sheep Brass Band will play and the Taiko Drummers will be there. There will be a costume contest and other activities.

Fire Safe Orgs: Paul reported that there were a lot of problems with the emergency radio testing. Additional meetings are happening.

Schools: Kaye reported that there is now security at the school. Also there's a possibility of an after school program, that the school will be posting an opening for the job. It goes to current staff first and then it may be open to others to apply. We discussed getting the principal to come to the next OCCAC meeting to discuss using the Y for the program. Diane will reach out. Fawn will attend as well if it comes together.

Health Center: Very busy.

The Y & OCCAC: No one from the Y was there. OCCAC has a meeting on Oct 3rd.

KOWS: Comedy show on Oct 18th at the Y. Sponsorships are due but no-one seems to have gotten a bill. Don said send \$360 to PO Box 1073 in Occidental.

Other: Diane reported that OCSD reports it loses about 14% of its water to leaky hook ups. New meters are being installed as funding becomes available.
